

SL8900 LINEAR LED LIGHTING PROFILE

Our special purpose LED mounting track has been especially designed to suit our flexible LED striplighting products. The mounting track has a very slim profile and can be incorporated into any architectural project to provide a professional finish.

The track can be anodised, chrome-plated or powdercoated to suit any decorative environment. Supplied with either clear or opal acrylic lens diffuser. Popular applications include kitchen & bathroom lighting, task lighting, recessed joinery lighting.
