

SL2225 SAMSUNG MR16 LED LAMP

The Superlight SL2225 is a high quality 10W LED MR16 downlight lamp suitable for new and existing projects. The universal MR16 base and conventional MR16 dimensions allow the SL2225 lamp to be retro-fitted into any existing MR16 LED downlight or other MR16 light fitting.

Superlight MR16 LED lamps work with existing halogen transformers or constant voltage LED drivers. They incorporate very advanced passive-cooling heatsink design and superior Samsung LED chip for significantly increased light-output performance & luminance.
