

SL2811 3W INTERIOR WALL LIGHT

The SL2811 series architectural wall light fixtures incorporate a stylish brushed metal body with the latest power LED technology to deliver excellent illumination and low power consumption. The fittings have built-in LED driver and operate directly on 240V without the need for any external power supply.

The fittings are suitable for high-end residential & commercial projects, office fitouts, board rooms, retail & hospitality projects. They consume minimal energy and require zero lamp maintenance.
