

## SL2815 2W INTERIOR LED WALL LIGHT

The SL2815 series architectural wall light fixtures incorporate a stylish brushed metal body with the latest Power LED technology. The fittings have built-in LED driver and operate directly on 240V without the need for any external power supply. The fittings are suitable for high-end residential & commercial projects, office fit-outs, board rooms, retail & hospitality projects. They consume minimal energy and require zero lamp maintenance.
