

SL6874 STAIRNOSE LED LIGHTING SYSTEM

SL6874 stairnose lighting system consists of a robust aluminium profile with toughened anti-slip tread insert and integrated light source channel. The profile can be fitted with Superlight SMD LED strip modules, including single colours & RGBW colour-mixing options. With a fully concealed light source the illumination effect is fully indirect wash into the step riser and tread, ideas for venues, theatres and other projects where glare control is a key requirement.
